Propagating Fields:
Whitings (Ocean Co.), N. J.

To Our Dahlia Loving Friends and Customers:

It gives me much pleasure to take this means to thank my customers for their valued patronage this past season and for their letters commending the stock sent them and for our business methods and fair treatment. I assure you it has been a great pleasure to serve you and at the same time give complete satisfaction. We will continue to use our best efforts to keep our stock absolutely healthy and free from disease by the destruction of all stunts and runts and by discarding those that do not come true. Ideal growing conditions exist at Whitings, Ocean County, where we have our propagating fields. Our show gardens are located at 31 Mertz Ave., Hillside, N. J., and all correspondence should be addressed to Hillside.

Sincerely yours,

GEORGE H. SWEZEY.
